## WHY BUSINESS?

- Minimal water permeability and protection against the ingress of dirt thanks to the patented ZeroGap lock
- Significantly faster installation compared to conventional floor coverings
- Wide selection of designs and combinations, including seams
- In case of damage, only the damaged section can be replaced
- The floor can be installed conveniently without the need to restrict operations
- We help to protect nature - Base layer of ECO-marked tiles contains recycled raw materials
- Warranty up to 12 years

## FAST INSTALLATION

Thanks to the combination of Fortelock tiles and heavy-duty vinyl flooring, the installation is very simple and can be done conveniently while at full operation and without the need for complicated underfloor preparation.

The combination of Fortelock tiles and heavy-duty vinyl has another great advantage. In case of damage, only the damaged tile can be replaced without the need to disassemble the floor.
