

Fortelock

PRINT

Collection of Fortelock tile prints

A FLOOR LIKE NO ONE ELSE HAS

Liven up your space with a uniquely imprinted tile.

The innovative Fortelock Print collection is a robustly designed, 100% recyclable floor solution that goes well in any interior.

Fortelock Print PVC floor tiles are good for:

- Fairs and other short-term exhibition premises
- Inside garages and warehouses outside the main traffic corridor
- Home interiors - walk-in closets, studies
- Showrooms and designer salons

Enjoy the perfect combination of diverse designer surfaces, the practical toughness of Fortelock tiles and affordability

Design according to your wishes

GRANIT

An imaginative print can visually break the solid surface of monochromatic Fortelock tiles. It gives you an elegant design underlining the atmosphere of any space. Choose from a collection of six designs and forget about ordinariness.

MAX

Would you like to have highly durable grass, pebbles, or carpet on the floor of your garage, workshop, store or changing room? The impossible has become reality. Choose from a collection of elaborate themes for full-printed tiles. You can depend on a design tuned to the last detail. Surprise your surroundings and treat yourself to something original.

CUSTOM

The custom prints of Fortelock tiles can be used not only for warning signs, symbols and logos, but also as full-printed tiles. Add lines to your car park, protect your employees with warning symbols on the floor, or treat yourself to your own logo. Give us your theme and we will create the floor of your dreams. The ideas are limitless.

Did you know that...

... PVC tiles can be mounted on a wall to protect the lower part adjacent to the floor?
Tiles printed with caution or informational pictograms can be used for this purpose.

Fortelock

PRINT

Order Fortelock PVC printed tiles

Please provide us with as many details as possible in your order - placement, font, size, number of printed tiles, range of the print. Send the desired file for printing or choose from our gallery. After processing, we will send you a preview for approval. Your order, including tiles without an imprint, will await approval of the graphic design of the printed tiles.

If you would like to have a proof print made in order to test the color, you can arrange it with your dealer. The price of the proof print is set at 1,000 CZK per sample for 1 tile. The price for shipping will be charged separately. If the colors are approved, you can keep the sample and you will be billed the price of 1 tile.

The durability of the print on Fortelock PVC tiles depends on the intensity of using the floor in the space and the treatment of the surface.

Technical details

The print on Fortelock Invisible and XL tiles can be amplified with a deep structure on the surface that will be visible to the eye and touch. This pattern is treated after manufacture with a protective dispersion from Dr. Schutz CC Secura. The floor is thus protected, the adhesion of dirt limited and daily cleaning becomes greatly simplified.

The print of Fortelock Industry done with the Skin pattern is cured using a 100% colorless and dry varnish applied in several layers. This creates a protective film on the surface of the print, providing increased wear resistance.

Business information

The wear of the print is not considered grounds for initiating a complaint. We therefore recommend that you check the quality of the print immediately after receiving your shipment. To preserve the print for as long as possible, abrasive cleaners and highly concentrated detergents should not be used for cleaning the tiles. The print will dissolve under their effects and solvent-based cleaners may even degrade the original surface of the tile. We recommend cleaning with water and ordinary soap.

We are very protective of trademarks. We will be happy to prepare any print of Fortelock tiles, but on condition that you deliver the print designs to us yourself and declare that you are authorized to deal with the trademark to this end and you are aware of the possible consequences. Otherwise, feel free to choose any of the prints in our range.
